GitHub: github.com/shubhamkumar2006 Mobile: +91 - 6263893959

SKILLS/SUMMARY

Languages: C++, Python, Java, JavaScript, C
Tools/Platforms: Node.js, PostgreSQL, REST APIs, MongoDB, Docker, Github
Frameworks: Express.js, React.js, Next.js, TailwindCSS
Soft Skills: Problem-Solving, Team Collaboration, Time Management, Self-Learning.

PROJECTS

Developer Collaboration & Project Management Platform | GitHub — Aug' 2026

- Built scalable full-stack project platform supporting 100+ users with 95% workflow efficiency.
- Implemented secure authentication and RBAC with 3+ roles and comprehensive access control.
- Designed RESTful APIs for 5+ core modules, reducing data management time by 40%.
- Integrated Redis and background workers, improving notification processing speed by 60%.
- Tech used - React.js, Node.js, Express.js, TypeScript, PostgreSQL, Redis, REST APIs, JWT, RBAC.

Smart Hotel Booking Platform | GitHub — Jan' 2026

- Created a full-stack hotel booking platform, improving property discovery and reservation efficiency by 40%.
- Configured secure authentication and RBAC for customers, hosts, and administrators, strengthening access.
- Leveraged Redis-based locking and database transactions, improving concurrent booking reliability by 70%.
- Engineered booking workflows with availability checks, reducing double-booking risks by 90%.
- Tech used – React.js, TypeScript, Node.js, Express.js, PostgreSQL, Redis, JWT, REST APIs.

Blockchain Implementation System | GitHub — Jul' 2026

- Architected a blockchain system in C++ to store transaction data across blocks, improving security by 40%.
- Integrated hashing and mining mechanisms to maintain integrity and validate blocks, increasing reliability 60%.
- Optimized OOP concepts and data structures to design a blockchain, improving efficiency by 35%.
- Deployed transaction validation and proof-of-work consensus, strengthening blockchain security.
- Tech used - C++, OOP, Hashing, Blockchain, Data Structures.

TRAINING

SPLIN TECHNOLOGYA I Data Structure And Algorithm — Jun' 2026 – Jul' 2026

- Strengthened problem-solving thinking skills through intensive training in Data Structures and Algorithms.
- Developed proficiency in Arrays, Linked Lists, Stacks, Queues, Trees, Graphs, Hashing, and Recursion.
- Applied Dynamic Programming, Backtracking and Binary Search techniques to solve complex coding problems.
- Improved code optimization skills by analysing time and space complexity.
- Solved a wide range of coding problems through hands-on practice, strengthening interview preparation.

CERTIFICATES

- Oracle Data Platform 2026 Certified Foundations Associate | Oracle — Apr' 2026
- SQL Basic Skill Certification in Database Queries | HackerRank — Jul' 2026
- JavaScript Basic Skill Certification in Web Development | HackerRank — Feb' 2026

ACHIEVEMENTS

- Awarded 4-Star Cpp Programming Badge on HackerRank for strong coding performance. — Aug' 2024 – Present
- Awarded 100 Days Badge on Leetcode for maintaining consistent problem-solving of Data Structure and algorithm. — Sep' 2024 – Present

EDUCATION

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.77 — Aug' 2024 – Present

S. Sinha College — Aurangabad, Bihar
Intermediate; Percentage: 78.6% — Apr' 2022 – May 2023

Lord Buddha Public School — Aurangabad, Bihar
Matriculation; Percentage: 78.8% — Apr' 2020 – May 2021
